DEMOCRATS "NICK CARTERIZING" THE PRESENT CONGRESS

Keep its "Smelling Committee" and "Detectives" in the Lime Light.

WALSH STAR SHERLOCKO

Stages Many Thrilling Scenes in the Hunt for the "Bastardly Villains" Who Administered Nujol to Uncle Sam's Nephew; Much Fun.

Speech to the Courier.

WASHINGTON, March 5.—The list of investigations started by the Democrats is a lengthening one and no one can tell where it will end. It almost contains one of a list of bills introduced in Congress in other days, but there seems little use in introducing bills now, for what time is left Congress from its "smelling committee" is pretty well used up by the summerings of the Democratic-traditional coalition in their program of wrecking legislation and making the 65th Congress a barren thing. At present the following 25 investigations are listed:

The Teapot Dome and 12K Bill; The Veterans' Bureau; The Department of Justice; The Matanuska coal fields of Alaska; Subsidy Board to personal contractors; The Texas land grants.

Federal relations propagandists; Oil leases to foreign lands; Treaty with Canada; Federal price; Medical, Atlantic cities; Stock exchange practices; Voter propaganda; Federal highway and systems; Philippines and Porto Rico affairs; Mexican sugar board; Bureau of Printing and Engraving; The military problem; Bureau of Internal Revenue; The Muscle Shoals project; Banks lending money for speculative deals; Navy and U. S. Mail services.

Propaganda concerning the soldiers bonus; The Key State men in Texas politics; Causes of the World War; Shooting of Senator Green.

These investigations are developing some remarkable senatorial shuffles, and Old Cap Collier, Nick Carter, Sherlock Holmes and that gang of man hunters are in total eclipse; Senator Tom Walsh of Montana is the Sherlock of the bunch. He recently turned his back down like the turks of California, and now he tips-toes around with a you'll-never-know-me air while his Republican associates countervet snicker with a snicker and everyone whispers "Pash-h" at his approach.

The question of providing Walsh with a bulldog lantern, a bunch of skeleton keys, and a shotgun, to be had for or out of the contingent fund of the Senate, is being discussed. He, as always, when applying chemicals to the ink of certain signatures, and telegrams, telephone calls, cables, telexes and radio messages are submitted to his scrutiny. As a correspondence school detective Walsh is the department's monk.

One of his faithful assistants is Senator Tom Walsh of Alabama, Jefferson's job to roar and rant and also a racket while Walsh and Wheeler sneak in the back door and make the desperado in the act of snatching nujol down the throat of Uncle Sam's infant nephews. "Stand back, Lucy Anne! It bebooves them to touch 'er!' I am Jack Hawkshaw, the detective!" shrieks Tom, and down goes the curtain to Democrat go into conference, and the gallery goes into spasms.

It is all very amusing; very dramatic, and exceedingly unsatisfactory, as if they can't find ammunition they must think mud.

ISH-GAME LOCAL AT MOUNT BRADDOCK; TWO WOMEN MEMBERS

A large and enthusiastic meeting of citizens was held at the Community House at Mount Braddock last night, in charge of Prof. Clarke, supervisor of public education in the district. H. L. Krebs, president of the Allegheny County Fish & Game Protection Association, outlined the purposes of the organization which are represented by Ralph B. Hyatt reviewed the work of the organization during the past year. J. Wheeler Myers, deputy state game warden, delivered an interesting talk on the subject of game protection and trapping of vermin.

At the conclusion of the address applicants were admitted to membership in the county association and local was organized. The members of the local immediately organized and elected William S. Crayton, director, and D. E. Pultz, secretary and treasurer.

An unusual feature of the organization was the presentation of the applications of two women, who were admitted to membership. This is the first instance of women being admitted to any local of the association. The women members are Mrs. Sarah Grayson and Mrs. Clara Johnston, both of whom.

Coolingspring has asked the association to form a local.

Mayor Again Clamps Lid On Dances**OIL PROBERS GET ANOTHER LOT MESSAGES**

Secret Session Being Held to Determine Which Shall Be Made Public.

By United Press
WASHINGTON, March 5.—Some additional telegrams passed by the Senate oil committee in executive session today opened a trial that may lead to identification of the principal mysterious person mentioned in an exchange of telegrams between Edward B. McLean to Palm Beach and agents here.

Suspect of Teapot Dome investigators as to the identity of "the principal" were said to have been strengthened by the new messages interdicted.

The committee members now say they have no doubts as to the person's identity and believe once developments in this connection will follow shortly.

Of the 300 telegrams which passed between leading figures in the oil scandal and which the committee examined today about 15 were selected as extremely pertinent to the inquiry. It was said after the session.

Contents of the 15 telegrams will be revealed tomorrow. The United Press is informed that these messages, besides confirming some opinions as to the identity of the principal, also

confirmed to use care in granting admissions to dances, he again issued permits.

IOWA REPUBLICANS PLEDGED FOR COOLIDGE; BROOKHART IGNORED

DESS MOINES, IA., March 5.—Republicans of Iowa yesterday pledged their support to President Coolidge in the Cleveland convention, adopted resolutions endorsing his administration and endorsed L. J. Dickason of Iowa, leader of the Farm Bloc in the House of Representatives, as a candidate for the vice presidential nomination.

A message was found in the batch submitted today which in every other word was dropped to word inform McLean that Senator Thomas Waldo, chief prosecutor, was in possession of his constituents was nearly such items as Mr. Ferrier has put out his "biggy show" or Mr. Manning is building a team to his kitchen. So humble may be the beginning of literature!

From corresponding he became a reporter private and finally owner of several small newspapers, judiciously trying between ventures, two or three mercantile occupations to make sure of the right calling. He made no mistake when he adopted the writing profession. He is the prominent novelist and poet of the plains of Manitoba, Alberta and Saskatchewan.

WASHINGTON, March 5.—A new batch of telegrams sent and received by the principal figures in the naval case were examined by the investigating committee today behind closed doors. The messages were submitted by the Western Union office. They were examined by the committee to determine which were pertinent to the present investigation. Those which are found relevant will be made public.

Thomas P. Dowd, superintendent of the Washington Post office, was a committee and additional telegram just before the executive session which is in order. They were submitted in answer to a subpoena which called for messages to and from any principals in the investigation including for our Secretary of the Interior Hall, Harry P. Shindler, G. A. Doherty, R. B. McLean or any of his many agents, or L. W. Zetek.

In addition to the Post and Western Union messages handled through the Washington office, Dowd and H. S. Taft, manager of the local Western Union office, submitted to the committee sealed envelopes containing records of messages handled by their Palm Beach office.

Renewed activity is taking place at the coke plants. During the past week Mr. C. Erie Coke Company enlarged its producing by the addition of 305 ovens. Of this number 315 are at plants in the Connellsville and Old Bush District. Those in closest proximity to Connellsville included in the new unit are Leibach, Coalport, and New Kensington.

Leibach No. 1 now has 11 of its 502 ovens idle. Leisenring No. 3 is operating 476 out of 502. Youngstown has all but nine in blast.

FRICK COMPANY ADDS 395 OVENS TO ACTIVE LIST

Mr. Murphy and Joseph Kelleher have returned from a motor trip to Somerton. They found the road "good with the exception of over 500 feet of dirt, but the weather was bad." They will be back Saturday evening.

Newcomer Refused Pardon.

The Prison Board meeting at Harrisburg yesterday, refused a pardon for E. Newton Newcomer of Fayette county, charged with embezzlement and bribery, and Lawrence Fallon also of Fayette, imprisoned for a statutory offense.

The contract for the stone work of the church was expected to be let this afternoon.

Admitted to Hospital.

Mrs. Minnie Robenalt, called here by the sorrowful ones of her daughter, Mrs. William Robenalt, was admitted to the Connellsville State Hospital April 22 and taken to jail and then to the hospital.

EXCESS WILL BE REFUNDED IF TAX TOTAL IS REVISED

The following statement is issued by Collector of Internal Revenue D. B. Heiner, of the 23rd District of Pennsylvania:

"With only 10 days remaining in which to file income tax returns, taxpayers are warned against delay in forwarding their returns to collectors of internal revenue. Comparison of the number of returns filed during the corresponding period of 1923 shows a decided decrease. This, no doubt, is in part attributable to the desire of taxpayers to take full advantage of the proposed reductions, and especially of the 25 per cent reduction on income for the year 1923.

However, the tax on income for the year 1923 is being collected under the Revenue Act of 1921, which is still in effect, and which provides heavy penalties for failure or "willful refusal" to file the return and pay, at least, one fourth of the tax on, or before March 15, 1924. The Revenue Act of 1921, containing this and other proposed reductions, is now before Congress and there is little likelihood of its enactment prior to the closing day of the filing period.

The proposed 25 per cent reduction in the tax on incomes for the year 1923 is retroactive to January 1, 1923. Enactment of the pending legislation means, in the case of taxpayers who pay on the installment plan, a revision of their accounts in the offices of the collectors by crediting the account with one fourth of the amount of the tax declared to be due on the return. In those cases where the tax is paid in full at the time of filing the return, the 25 per cent excess will be refunded promptly without requirement of filing a claim."

DRIVERS OF MOTOR CARS GIVEN TESTS

Two Members of State Patrol Spending Day at City Hall.

APPLICANTS NUMEROUS

Two members of the State Highway Police or Motor Patrol were here today from 9 to 1 o'clock conducting the first examinations of persons desiring licenses to drive automobiles.

The first examination of persons of his constituents was made such as Mr. Ferrier has put out his "biggy show" or Mr. Manning is building a team to his kitchen. So humble may be the beginning of literature!

He spent his boyhood on a homestead in Manitoba and at ten years of age was corresponding for the nearest country newspaper. The highest of his contributions was probably such items as Mr. Ferrier has put out his "biggy show" or Mr. Manning is building a team to his kitchen. So humble may be the beginning of literature!

He is the first to be examined by the officers were kept busy throughout the morning.

More than a score of applicants had been given the tests before the morning was over. Of this number two were women.

The applicants were first given an interview at City Hall where the officers are making their headquarters.

Following this they are accompanied about a city block by the officers, with the applicants driving. Some of the tests include a drive about the block including Arch, West Apple, North Franklin, Second and Crawford avenues, while others swing into Water street.

Applicants who had failed the examination accompanying their learners' permit are able to answer the questions put to them with ability. Some were able to show but for the most part answers were satisfactory.

Out of the first dozen examined there were no refusals.

CIVIC LEAGUE HOLDS INTERESTING SESSION

A most interesting meeting of the Civic League was held last night in the Carnegie Free Library. Mrs. Francis Daniels gave a report of a council meeting she had attended, after which Mrs. W. H. Chasler and Mrs. T. R. Francis reported that they had attended a meeting of the school board and secured the permission of the board for the Civic League to beautify the Cameron School grounds. An article on "The Citizens Responsibility or Speedup City," taken from the Literary Digest was given by Mrs. Daniels to the secretary. Mrs. A. A. Clarke, to read before the club. Taxation was discussed and the same subject will be taken up at the next meeting. Mrs. T. R. Francis, chairman of the program committee of which Mrs. W. P. Clark is chairman, reported that the programs for the year would be completed for the next meeting. Various plans for raising money were discussed but no definite arrangements were made. Following the business meeting a very instructive program was presented. Mrs. F. R. Francis read an article on "Why the Woman's Party Is in the Equal Rights Amendment? Why Other Women Oppose It," was read by Mrs. A. A. Clarke. The next meeting will be held on the first Tuesday of April.

Mary E. Dick Class.

The regular meeting of the Mary E. Dick Bible Class of the First Presbyterian Church was held last night in the home of Mrs. John Ulrich in South Pittsburgh street with thirty-five members in attendance. Mrs. J. A. Long conducted the doxological exercises. Officers for the ensuing year were elected as follows: President, Mrs. W. D. Long; vice-president, Mrs. W. B. Carson; secretary, Mrs. J. D. John; assistant secretary, Mrs. W. H. Carson; treasurer, Mrs. E. A. Dunn; etc.; Mrs. Francis J. Scott, assistant teacher, Mrs. W. B. Carson. The business meeting was followed by a delightful social meeting, featured by a dialogue cleverly presented by the "girls" of the class. Refreshments were served by the members of the "gold". Each wore a gold rosette. Three new members were received. The next meeting will be held at the home of Mrs. J. French Karr in East Fairview Avenue.

Temper Service.

The choir of the First Presbyterian Church will hold a temper service Sunday night at 5 o'clock in the church. This is the fourth service of the kind to be given by the choir and a splendid musical program, which will be published later, is being prepared.

Surprise for Mrs. Blitner.

At the meeting of the Busy Twelves last evening at the home of Mrs. Albert Grimm of the West Side, members tendered Mrs. C. G. Blitner a surprise party in observance of her forty-fourth anniversary of her birth. There was a cake bearing the required number of candles. Mrs. Blitner was presented with a serving tray and a console bowl. Mrs. Grimm served punch.

Anniversary Celebration.

The half-second anniversary of the Woman's Episcopal Missionary Society of the First Methodist Episcopal Church will be celebrated with a missionary tea Thursday afternoon from 2 to 5 o'clock in the home of Mrs. W. P. Clark in Lincoln avenue.

Released at Chamberlain.

John R. King and Ada Florence Morris, both of Uniontown, were released.

Old Society to Meet.

The regular meeting of the Ladies Aid Society of the Greenwood Methodist Episcopal Church will be held tomorrow evening at the home of Mrs. Erwin L. Price in South Eighth street, Greenwood. The members are asked to bring a finished article for the annual "Christmas bazaar." Articles for the same affair will be made at the meeting.

Miss Widmer Hostess.

The Girl-U-Kum Club was delightfully entertained last night by Miss Emily Widmer at her home in Gibson avenue. Cards and fancywork were the amusements, followed by dainty refreshments. Mrs. R. M. Evans of Pittsburgh and Mrs. Thomas Courtney of Uniontown were out of town guests.

Morrow-King.

Mr. and Mrs. E. Walton Morrow of Smithton, announce the marriage of their daughter, Miss Margaret Morrow, and Nathaniel R. King of Connellsville. The ceremony was solemnized Saturday night in the study of the First United Presbyterian Church with Rev. Francis J. Scott, the pastor, officiating. The attendants were Mr. and Mrs. John Knight of this city. The bride was graduated from the West Newton High School, a member of the class of 1918 and from Daniel Rustine College with the class of 1920. For the past two years she has been stenographer and bookkeeper for Openheim and Gigliotti. Mr. and Mrs. King are at home in the White Front Apartments, North Pittsburgh street.

McDonald Pageant.

The Ladies' Aid and Missionary Society of the First United Presbyterian Church will meet Thursday night at 7:30 o'clock in the church. At 8 o'clock a missionary pageant, "Over, Over, Know," will be presented by the Anna Duncan Mission Class under the direction of Mrs. Robert C. Hobson. No admission will be charged and all are invited.

M. P. Meeting.

The regular meeting of the Ladies' Aid Society of the First Methodist Protestant Church will be held Thursday afternoon at the home of Mrs. G.

"and Finally They Come to Know It!"

MANY people go on for years drinking one or more cups of coffee at a meal. But finally, for apparently no reason at all, they become nervous and irritable.

Or they lie awake at night, with their hearts beating faster than they should. Or perhaps their food may not agree with them. They are distressed after eating.

When the doctor is finally consulted he asks: "Do you drink coffee?"

Why not serve delicious, healthful Postum as your mealtime drink? Postum is a pure cereal beverage—absolutely free from caffeine, or any other irritating drug.

Everson Firemen Present Minstrel to Another Large House.

W. C. T. U. PLANS MEETING

See ad to the Courier.
SCOTTDALE March 5.—The Everson Fire Department repeated its minstrel to a full house last evening at the Scottdale Theatre. Persons who saw the show declare it to have been the best home talent in years. The officers of the department are Harry J. Smith, chief; Martin Orlish, lieutenant; Eddie J. Gruen, sergeant; W. H. Hall, drum major; President, Leo Lafford; financial secretary, Charles Brant; recording secretary, George Hughes; treasurer, W. J. L. New.

Mrs Robert Geyer was hostess last evening to the W. C. T. U. at the regular meeting. Mrs C. W. Stauffer presided and conducted the devotions. It was announced that a group picnic will be held in Scottdale April 11. Wednesday, March 26. It was decided to have all who wanted money for the attack on tuberculosis immediately to Mrs H. C. Fox. A very interesting letter was read from a soldier who at Christmas time had started a sunfish big game club. W. H. Hall and who had been ill and unable to write until this time.

There was much discussion of the violation in Scottdale of the cigarette tax. It has been learned that very many boys smoke cigarettes and chew tobacco and that both can be bought without any trouble in Scottdale.

Mrs C. A. Colborn had charge of her citizenship class. At the next meeting the class will have for its subjects the President and the Cabinet. Mrs Hartfield sang. Her students were served by Misses, assisted by her daughters, Knights of Pythias Meet.

Fountain Lodge No. 343 Knights of Columbus of Scottdale met last Friday evening with 100 members present. Visiting members from Connellsville and Mount Pleasant were in attendance. The rank of knight was conferred upon 32 candidates. On Friday evening March 7 the first salute will be conferred on one candidate and the rank of Fidequire will be conferred on 12 candidates. All members are urged to be present. Members are working hard to have a large list of candidates to initiate every month.

AMERICANIZATION AND THE ORGANIZATIONS OF THE NATIVE-BORN.

The article on "Americanization" printed on this page in yesterday's issue presents a view point of this subject people in the Connellsville Coke Region should thoughtfully consider in their study of the very important problem of making Americans out of aliens and their children.

The author, Miss Elizabeth B. Rupp, by virtue of her supervision of the Americanization schools for adults at the plants of the H. C. Frick Coke Company, is in such intimate touch with the problem and so familiar with the sympathetic efforts being made to solve it, that she speaks out of the interests of first-hand knowledge. What she has written ought, therefore, to induce a larger sympathy with and better understanding of the work that is in progress, as well as to impress readers generally with a new sense of their responsibilities as Americans themselves.

Miss Rupp very clearly points out that Americanization can be advanced or retarded in proportion as citizens who are to the native born are willing and disposed to be sympathetic and helpful to the aliens, as opposed to a contrary attitude. We fail to comprehend the effect upon aliens of hundreds of years repression under which their ancestors lived in Europe. "You," says Miss Rupp, "dismiss them from your thoughts never dreaming that the drama of their days may have a moral that concerns you. Think every time you pass the greasy alien on the street that he was born thousands of years before the oldest American; and he may have something to communicate to you, when you too shall have learned the common language."

We cannot hope for large measure of success in Americanization so long as we remain coldly indifferent to the aliens or withhold our sympathy from them in their efforts to acquire the rights which are ours by birth.

"The things you can give the alien," says Miss Rupp, "which will do the most good in helping him along a way, rough through no fault of his own, are plain sympathy and comprehension. It is when you give your heart, soul and brain, that you make for yourself an everlasting friend, that you give a thing which will warm him when cold, feed him when hungry. It is up to every one of us to realize that no matter what our social and financial standing may be, we are now responsible, as people always have been and always will be, for the stranger within our gates."

"It is only possible to extract the deepest joy from life for yourself when you have done all in your power to help your fellow men with those gifts which are above money and without price. Only when we are true Americans can we expect to produce real Americans."

This may be, and to many persons very probably is, a new point of view with respect to the obligations and responsibilities of the native born to the aliens, but the correctness of it cannot be questioned. The sooner and more generally the truth is admitted and acted upon, the more rapidly and more completely will the Americanization of aliens be progressed.

THE COUNTRY DOCTOR.

In these days when the "country doctor" is fast disappearing as a factor in urban life, and new members of the profession are not disposed to avail themselves of the opportunities for service among the people who dwell on the farms, it is a fine thing to contemplate the splendid record of Dr. W. O. Oberhauer of Upper Middle-town. For 60 years he has practiced his profession in the community which clusters about this quiet little village which is remote from the large centers of population in the county to which physicians have been drawn in increasing numbers.

Feeling his life work to have been to administer to the needs of the sick and ailing on the farms in the country round about, rather than ambitious to attain greater influence and to receive larger remuneration in the practice of his profession, Dr. Oberhauer has been both happy and content to remain a "country doctor" rather than to become "a city specialist." In his humbler capacity he has been brought into close contact with the people of his community and has filled a large place in their lives. He has been present when scores of them have been ushered into the world. He has performed a like service for the second and third generations and has been their health guardian over since. When life's course of the aged has been run he has seen their passing and closed

The Great Road Builder

Harrisburg Telegraph

"Rome," observes a historical writer of a quarter century back, "was the world's greatest road builder." Nonnonses, in the light of recent development. The automobile is the world's greatest road builder. And by the same token the automobile is the world's greatest builder of prosperity and the world's greatest contributor to the rapid advance of our civilization.

"In any given age of history," says a well-known authority on transportation, "there has been one that has furnished the most effective highways for the movement of the commerce of the times."

And this is true. The road always must be accommodated to the needs of the times. The first roads were animal trails to and from the water holes of the wilderness. After them came the trails of the caravans, across which the goods of the world were dragged painfully and slowly back and forth, and culture and comfort lagged as lagged the world's commerce. It was not until the discovery of the value of the wheel that real roads came into being.

The Phoenicians felt the need of roads and built them. So did the ancient Egyptians, with their high-wheeled chariots and rude carts. So did Rome, with her highway from the north of England to Jerusalem, only the Channel breaking it; with her roads to Greece and Sparta and the far sections of France.

The seat of empire moved west from place to place along the course of the trade routes, bearing the commerce of the East, from India through Babylon, Persia, and Egypt to the shores of the Mediterranean and upon its waters through Greece. Those eyes in death as the last form of service he could render them.

He has thus become a veritable incarnation in the community which has been the scene of more than a half century's devotion to the duties of his calling. As such he demonstrated that there is yet a field for the country doctor and that it is fruitful in opportunity to round out a career church and to charities. In business he observed the Golden Rule. He was a true Christian.

MOTHERS AND THEIR CHILDREN**Dangerous Oversight.**

One Mother Says: I noticed that my little girl stood with her hips somewhat uneven. She takes pride in dressing herself and in fastening her garters to her stockings. By watching a few times I saw that she had the habit of stretching the left garter too tightly from the waist, which lowered the left hip and brought the right one up a little. I am giving her a few exercises to overcome this defect, and always fasten the garters myself. I wonder if other mothers do not sometimes overlook such little defects in their children's dressing that may result in bad posture.

Drugs Excite The Kidneys, Drink Water

Take Salts at First Sign of Bladder Irritation or Backache

The American men and women most guard constantly against kidney trouble because we often eat too much rich food. Our blood is filled with solids which the kidneys strive to filter out; they weaken from overwork, become sluggish, the eliminative function stops and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts on the wrists, is cloudy, full of sediment, or you are obliged to void twice or three times during the night; if you suffer with sick headache, or dizzy, nervous spells, acid stomach, or if you have rheumatism when the weather is bad, begin drinking lots of good soft water and get from your pharmacist about four ounces of Jad Salts. Take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine.

This famous salt is made from the acid of grapes and lemon juice, combined with lithium, and has been used for years to help flush and stimulate the kidneys to neutralize the salts in the system so they no longer are a source of irritation, thus often relieving bladder disorders.

Jad Salts is inexpensive, makes a delightful effervescent lithium-water drink and belongs in every home, because nobody can make a mistake by having good kidneys flushing any time. By all means have your physician examining your kidneys at least twice a year.

Colorful Ribbon May Be Used on Business Suits

The business woman usually finds it difficult to keep her costumes attractive. But that desired appearance of fresh dashness may be acquired through the use of colorful ribbon.

Every woman enjoys the psychology of bright colors, even though these must not be too pronounced in her daily office costume. Here is where the ribbon remnant will supply just the right line without blotting out the display of this.

Embroidery in the Egyptian manner is popular. Or the model may be copied in several color tones or with the very important touch of the thin gold brocade. Nor must we fail to call attention to the plaid ribbons.

Coats

THE Coats of the moment—fashion-right garments that represent the very smartest trends Spring Fashion has to offer—are the Coats you will find here awaiting your selection.

\$16.75 - \$19.75 to \$49.75

The new Topcoats particularly favor for the coming season novelty woolens and jaunty stylings. Tiger stripes, shadow plaids, large checks and manish checks are most prominent, but plain shades are also being shown in new high shades. The materials are Camel's Hair, Mito fabrics and seasonalable coatings, and are suitable for sports or street wear. Patch or set-in pockets, button or leather trimming and contrasting collars are new for Spring. Straight or flare backs, three-quarter or seven-eighth lengths.

The new high shades for Spring are represented in greens, hyspy red, brickdust, greys, browns, and blues, with combinations of the same colors.

**Coats for the Junior Miss**

Follow the trend of the older models in their style—cut three-quarter length and new high shades.

Sizes 6 to 11 Years.

\$8.95 to \$19.75

There is so little to choose from between these youthful models and those for older sister—they follow the same general trend of fashion even to the three-quarter and seven-eighth length. Camel's Hair is again in favor, as are overplaids, checks and stripes in smart coating materials. All the new high shades are represented—greens, greys, tans, browns, etc.

**Auto Makers
Expect Greatest
Year in 1924**

By United Press.

WASHINGTON, March 5.—With the most active year in the history of American automobile production barely passed into history and the records for the period of the various automobile producing companies not yet complete, automobile manufacturers are now busily engaged preparing to make 1924 another record year for output and sales, with the hope of bettering the 1923 records.

This is shown in the announced plans of many producers and is reflected in inquiries and orders for various materials, according to estimates which have been compiled here by government officials.

Shipments of motor cars usually decline at the end of the year, but the year-end just passed recorded an unusually heavy business in motor cars for that time of the year and was approximately one-third higher than similar business a year ago.

January production was maintained on a heavy schedule, closed model, and continuing to increase in number, and truck production is also reported to have been larger than usual for that month.

The Federal Reserve Bank of Chicago recently collected figures from 550 distributors and dealers of the Middle West which show that the year-end motor car business had declined slightly as compared with the 1922 figures, but that the prospects were excellent for the year 1924.

Tire production is also being carried on a greater schedule according to the government figures. Stocks of these goods are now declared to be the lowest since January, 1922.

**If Skin Breaks
Out and Itches
Apply Sulphur**

Just the moment you apply Menthol-Sulphur to an itching, burning or broken out skin, the itching stops and healing begins, says a noted skin specialist. This sulphur preparation, made into a pleasant cold cream, gives such a quick relief, even to very severe, that nothing has ever been found to take its place.

Because of its germ-destroying properties, it quickly subdues the itching, cools the irritation and heals the eczema right up, leaving a clear, smooth skin in place of ugly eruptions, rash, pimples or roughness.

You do not have to wait for improvement. It quickly shows. You can get a little jar of Rowles' Menthol-Sulphur at any drug store.—Advertisement.

Miss Nicholas, of Hellertown, Pa., Finds Way to Clear Up Muddy Complexion

"I want to tell you how much I appreciate Paw Paw Tonic," says Miss Anna Nicholas, of Hellertown, Pa. "I was in general rather run down in health. I had a muddy complexion. I was nervous and irritable and felt miserable all the time."

"Now, however, I am feeling fine. I am eating Miss Anna Nicholas, of Hellertown, Pa., looks much better. My weight has gone up, I sleep better, have a better appetite and much more pep. I liked Paw Paw so well I got my father to try a bottle. I can recommend it to anyone who is run down."

Munyon's Paw Paw Tonic does this sort of thing for many people. It helps thousands to get back on their feet and to enjoy living again. It goes 'light to the bones' of the various troubles that go to make a general condition. Try a bottle of Paw Paw Tonic yourself. Do not do it by guess. It costs \$1 a bottle at any drug store. That's Munyon's Paw Paw Tonic for Every Ill."

Vanderbilt

VANDERBILT, March 5.—Mr. and Mrs. H. H. Husband of Liberty motored to McClellandtown Monday evening to hear the Intercollegiate oration contest. Their daughter, Miss Grace Husband, won second honors, representing Dunbar Township High School.

Mrs. Andrew Softcheck returned home yesterday after spending the week-end with her son and daughter-in-law, Mr. and Mrs. Joseph Softcheck of Uniontown.

About 40 couples from Vanderbilt attended the dance at the Dawson Driving Park Auditorium. It was one of the largest representations to a dance by the younger set from this town.

Peter Abato, Medley Johnson and Emmet Addis were business callers in Pittsburgh yesterday.

Miss Mary Softcheck is at Brownsville where she will spend several weeks with her brother and sister-in-law, Mr. and Mrs. Michael Softcheck.

The American Legion Post will hold a musical rehearsal tomorrow evening. "Every member of the cast must appear," is the call. The finishing touches for the musical appearance are being put on.

Miss Nellie Clark was a guest of Miss Grace Husband, Monday and Tuesday.

Illini Star Overlooked

One of the best guards in the country in 1923 was McMillan, the Zupko leader. In every game the Suckers played the giant Illini star performed one was one of the big features. Much of Grange's success in juggling the leather was due to McMillan's assistance. But the Illini star didn't place on any of Camp's three All-American teams. McMillan may not have been as good a man as Hubbard of Maryland or Redden, Penn State, but he certainly seemed to have enough stuff to earn a position at least one of the three selections.

Appetite Gone?

A tempting, delicious looking meal—all the choicest morsels from a well stocked pantry. The fragrant aroma of all these good things failing to put a keen edge on your appetite—failing to arouse, in any degree, a hasty relish for the food so attractively placed before you. Why?

Scores of men and women are faced with the same misfortune. After a day of work, when they are tired, when they are tired, when they should have availed themselves to recharge their vitality and fit them for play time—their stomachs turn. They are worn down, played out. Food has no appeal. To them it is sickening. The aroma of appetizing things nauseates them.

Red blood cells are missing. Red blood which should be coursing through your veins strengthening your vitality—adding to your strength—keeping you healthy and fit—is not to be found.

S. S. S. is what is needed. Your blood needs purifying. What use is an automobile without a battery? What advantage is a dynamo without electricity? Your body is a dynamo.

At the Theatres

The Paramount

"A CLOUDED NAME," with Norma Shearer, Gladwin James and Yvonne Logan in the leading roles, is on view today and tomorrow at this theatre. "A Clouded Name" tells a beautiful love story in which the two young people suffer for the deeds of their parents, around whom hangs a cloud of disgrace. Jim Aiken's father was financially ruined by the father of the girl he loved. On top of that the girl's mother was found shot to death and her baby gone. At the same time Jim's father disappeared. Jim blamed Marjorie's father for all that had happened to his father; while Marjorie believed his father guilty of murder. But so strange are the workings of fate that the entire happening is finally proven entirely different from the circumstantial evidence.

Friday and Saturday "The Six Fifty" will be shown.

The Soisson

"THE ETERNAL THREE," a photodrama of the man, the woman and the lover, is the leading picture today at this theatre. Robert Bosworth, as Dr. Frank R. Watters, a famous surgeon, who never seen in a better role, while Raymond Griffith portrays the role of the waner son in a very skillful manner. Claire Windsor, one of the most popular of the screen actresses, plays opposite Mr. Bosworth and wears gorgeous gowns. The problem of a pre-eminently successful man of middle age completely absorbed in his work, the neglected wife and the prettily adopted son, are dramatic elements that can never fail to interest people of every class and condition. As these are the three elements in "The Eternal Three," the picture will please the many patrons of the theatre. There are a good many hospital scenes in the picture, all showing the splendid work that is being done by the clinics and dispensaries.

Thursday, Friday and Saturday, "The Love Bandit," featuring Victor Stenderland and Doris Kenyon, will be shown.

The Orpheum

"DON'T CALL IT LOVE," a William deMille production and a delightful and appealing story of American life and manners, provides splendid entertainment today at this theatre. Agnes Ayres, Jack Holt, Nita Naldi, Theodore Kosloff and Rod La Rocque appear in the leading roles.

Mr. deMille has produced this picture in the usual high-class artistic way, with a keen eye for dramatic values and faithful characterizations. "Don't Call It Love" is a combination of all the comedy and pathos of all previous William deMille productions. It is the last work in screen entertainment—a drama of life and love with a supporting cast worthy of the story.

The story as adapted from Julian Street's novel, "Rita Coventry," by Clara Beranger, is one of a wealthy New York bachelor, torn between his love for a charming and sensible young woman and his infatuation for a notorious prima donna.

Mr. Holt is ideal as the man-about-town while Miss Ayres has the sympathetic role of the neglected Alice Meldrum. Miss Naldi, as the vivid, temperamental prima donna cannot find an equal anywhere in the picture world.

Friday and Saturday Thomas Meighan will appear in "Pied Piper

Vision."

"EMBLEMS OF LOVE," essentially a love story said to be one of the best in anything the screen has ever shown because of its greater compass in love elements, will be shown tomorrow afternoon and evening at this theatre under the auspices of the Connellsville Loyal Order of the Moose. The plot is motivated by the love of elders for each other and for their children, by the love of sweethearts, and by a love more far-reaching than either of these because of the broader happiness it nows—the love of man for man.

How those love elements are combined in a story which illustrates the proverb quoted above, is something which, like the Cardiff plant and the two-loaded cart, must be seen to be appreciated.

Money, honor and hope enter the equation and are treated in a manner that is of vital interest to every man, woman and child in this country.

Now Feels Like New Woman After Years of Sickness

Dreco Succeeds Where Other Medicines Fail In Giving Woman Health

What is life without good health? A very dry and uninteresting place, as everyone bothered with liver or stomach trouble will agree, but there is no alternative. There is no reason why any man or woman should suffer from stomach or liver trouble. These vital organs can be made and kept well, as in the case of Mrs. Margaret Dressel of Trotter, Pa., proves.

"For the past few years I have been in a rundown condition," says Mrs. Dressel. "My stomach was always out of order. I had no appetite for food. I was very nervous, and my liver was in such a condition that my entire system was permanently poisoned."

"Medicines and doctors did not seem to do me any good. I started taking Dreco. The failure of other medicines only made the more marvelous.

Caseys Get Jump On Unity Fraternity on First Game Of Series; Score Is 18-16

Two Local Combinations Battle for Supremacy at High School Gym.

NEXT GAME WEDNESDAY

The Casey Club conqueror of the Fiji Panthers of Pittsburgh by a comfortable margin, last night, nosed out a victory over the Unity Fraternity in the first clash of a five-game series at the High School gymnasium, a field goal in the final minute resulting in an 18-16 score.

It was a hectic game, marked by the greatest rivalry that has ever cropped out between two local teams. The players were on edge and extremely sensitive. This brought on a number of near clashes which were averted, however, by cool-headedness. The crowd of spectators was constantly thrilled by the closeness of the result, with first one team and then another getting the slightest edge. Frequent ties resulted, followed at times by long periods of play without a score, so close was the guarding.

The outcome was a surprise to the big crowd of Casey spectators and to those who saw the first team play the High School Faculty. The improvement in the purple and gold aggregation since then was marked, and to such a degree that the boys are confident of yet carrying off the series.

With the score at 16-16 it looked as though the clash would surely end in a tie. Then Buttermore broke loose with the ball and working up the floor passed to Pritchard who made the goal. There was hardly time enough for another score and the Frat resorted to some long shots. None were successful.

If the game last night was an indication of what is to follow there are still quite a few thrills to be uncorked. Every man on each team is a Connellsville and this fact adds to the local interest. Some of the best independent players of the city are included in the line-ups and this, coupled with the existing rivalry, which has been apparent since both clubs put teams in the field, gives the rooting something to look forward to.

Both clubs traveled at a surprising pace and no substitutions were made, except by the Caseys, when Lowney was disqualified on four personal fouls. Then Jim White was summoned from the balcony and while he was dressing Bradley was given a chance.

The line-up:

Caseys—18.	Frat—16.
W. Pritchard	D. Struble
D. Henry	J. Struble
Lowney	Seaton
Buttermore	Melnick
P. Henry	R. Henry

Substitutions—Bradley for Lowney, White for Struble.

Field goals—W. Pritchard 4, Seaton 2, Lowney 2, Struble 2, U. Henry 1. Fouls goals—Melnick, 2 out of 3; Seaton, 3 out of 3; W. Pritchard, 1 out of 1; D. Henry, 1 out of 3; Lowney, 1 out of 2; P. Henry, 1 out of 4; R. Henry, 1 out of 5.

Referee—Austin.

Of Interest to Fans.

In a preliminary game at the High School last night the C. A. U. team of the West Side was defeated by Dowling's Irish Wonders, the latter coming from away behind to a 20-18 victory.

The Crescent M's, playing the Live Wires on the Armory floor last night, won by a 33-20 score.

Every effort will be made to check any stage fight on the Coker team when it meets Tarotum in the W. P. L. A. L. elimination Saturday. The boys will go on the floor confident and calm.

It looks as though a tremendous crowd will turn out to the High School gymnasium next Wednesday night to see the Casey-Frat series clash. After the great battle of last night fans will realize the kind of exhibition being put on and no one will want to miss it. There was considerable opinion in regard to yesterday's game that the Frat would be overwhelmed.

In the first elimination game in the W. P. L. A. League, played in Pittsburgh last night, Edgewood came from behind after trailing three quarters and won over Ford City, 24-22. Only flashes of form were shown by either team, both suffering "stage" fright.

The Trinity Scholastics, playing South Union last night at that place, lost.

The Smithfield basketball team has ended its floor season because of lack of support financially.

Tickets will go on sale in the next day or two for the Billy Kummer-Butler Athletic-Unity Fraternity game scheduled for Thursday, March 13. A letter from Billy indicates he is delighted with the prospect of being in the city again and he remarks he is looking forward to meeting a lot of old friends at the game. His letter indicates he still has a mighty warm spot in his heart for the Coker fans who used to shout encouragement to him in the old days.

To put one on, announcement will be made later.

The game will be at 8 o'clock at the gymnasium, which is close to the Schenley Hotel district. This hotel will be the Coker headquarters.

The boys will leave here early Saturday morning. If possible a very short work-out, to familiarize them with the big floor, will be held. After lunch, it is understood, the squad will be taken to some audience in order to let their minds entirely off the subject of basketball. An early evening meeting will follow and then preparations attend their height of perfection.

The boys have been slowly recovering from their slump. The bad period had the effect of showing the youngsters that while they did capture the title in Section Three, it still requires effort to win games and that reputations alone will not bring winning results.

The Cokers are going to find a lot of fans on hand to give them encouragement. There is considerable interest in the proposed special coach, and if arrangements are made

The impatient golfer can tell by the stories of baseball training schedules that spring will soon be here.

Sport writers report Mr. Huth spends his forenoons swinging an ax.

Suggested headline—"Huth's in the wood."

The wife of Zbyszko charges him with cruelty. The suspicion exists that he compelled her to watch him wrestle.

COKERS WILL GO TO PITTSBURG EARLY ON SATURDAY IS PLAN

Knowing they are bound to meet a difficult one on Saturday at the new Carnegie Tech gymnasium when Tarotum will be played in their first game of the elimination series, the Connellsville High School basketballers are quietly but earnestly working to attain their height of perfection.

In Silk Attire"

"In Silk Attire"

STARTING Saturday, the 8th and continuing all next week, Silks — more beautiful, more richly colored and more tempting than ever—will be displayed in the greatest Silk Show of our year.

Linking the future with the past, Silks of 1923 adapt themselves so admirably to the style of pictorial patterns that the lengths of pointed crepes and radiant posy willow become more and more desirable as keen imaginations picture them becomingly draped.

It's not just the shimmer of the silk, the clever designs and the gorgeous coloring we want you to see—it's the liveliness they'll enhance, the effect they'll create, the service they'll give.

Just seven days, but they are going to be full of interesting news for women who love to wear silk.

Saturday the 8th to Saturday the 15th, inclusive.
